MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Guidance For Army Component Team Leaders

Reference Updated Implementation Guidance for the Single Process Initiative (SPI) dated September 22, 1996

This memo amends reference guidance for Army Component Team Leaders (ACTL) for the Single Process Initiative (SPI). Over the past six months, DCMC has requested the assignment of Army Component Team Leaders to serve on Management Councils through this office. This arrangement has proven to be efficient and effective in ensuring that the appropriate individual is nominated to represent the Army. Component Team Leaders have been designated for all of the Army's Program Executive Officers (PEO) and most commands. Additionally, Mr. Decker has signed charters for most of our ACTL's and will charter the others in the next few weeks.

I anticipate that there will be fewer requirements for ACTLs to serve on new Management Councils. Therefore, for future requests for Army Component Team Leaders, I have asked DCMC to go directly to the PEO or command Point of Contact (POC) designated in the enclosure. These POCs were nominated by their organizations to serve in this capacity. Day to day operational responsibility for individual Army SPI programs will remain at the local level. The Army SPI Program Coordinator, Ms. Chandra Evans, is the primary SPI focal point for this office. Questions or concerns regarding SPI policy may be directed to Ms. Evans at commercial (703) 681-7561 or DSN 761-7561 or email, evansc@arda.army.mil.

Kenneth J. Oscar
Deputy Assistant Secretary of the Army
(Procurement)

Enclosure
